Wall paintings and beautified school surroundings become a selfie point in schools of Alwar

The new look of Talab School in Alwar, Rajasthan after school renovation has become a source of inspiration for school students and staff who take pride in the positive developments in the school, including beautification, plantation, and digital literacy classes for youth. Students have a new sense of confidence after getting trained on governance systems and rights and entitlements under various programs such as Right to Education, Integrated Child Development Services, and others. The linkage with Nehru Yuva Kendras has also provided a platform for students to showcase their skills and talent.
**Session on importance of clean drinking water in Samastipur, Bihar**

Sehgal Foundation organized an awareness building session on Water, Sanitation and Hygiene in government senior secondary school in Chandoli. Schoolchildren were sensitized on how water gets contaminated. Students were asked questions on how can we avoid contamination of water and contribute to tackle climate change and environmental deterioration. Winning answers received a token of appreciation. Dharmendra Singh, a representative of Sehgal Foundation, appealed to the students to wash hands before each meal and after defecation.
